

KEEP IT RUNNING

BONA SERVICE KIT – TAKE CARE OF YOUR INVESTMENT

Bona[®]

TAKE CARE OF YOUR INVESTMENT

Congratulations on your Bona machine! You have a fantastic product that will do an amazing job in sanding floors. Take care of it properly and it will serve you for years to come. To keep it fit for all jobs, it will benefit from a regular service which now can be done by yourself with Bona Service Kit between visits to service centres. With regular care and service, your machine will be a long-lived investment.

REGULAR SERVICE GIVES **LASTING MACHINES**

All service is not complicated, but all service is essential for keeping your machine running effectively. With proper care and maintenance your Bona machine will always be ready for any kind of floor job. The life of your

Bona machine will be significantly improved along with always running at top performance. To set up a plan for long-lasting performance is a good investment for your machine and your business.

- ✓ ALWAYS READY FOR THE JOB
- ✓ KEEPING PERFORMANCE ON TOP
- ✓ EXTENDED MACHINE LIFE

BONA SERVICE KIT

To make life easy, you can now perform basic service by yourself on a regular basis. Based on experience on what requires attention, Bona has put together service kits for every individual machine with the most common spare parts as well as clear instructions for easy replacement.

SERVICE IS IMPORTANT WE MAKE THE BASIC PARTS EASY

ALWAYS READY FOR THE JOB

With the Bona Service Kit, you are always ready for the job. You don't need to worry about the dust skirt on your Bona FlexiSand being worn or a broken cable on Bona Edge since you have new ones in your kit. With Bona Service

Kits, downtime is minimized, and spare parts will be there when you need them, making you ready for everything.

KEEPING PERFORMANCE ON TOP

Worn parts decrease performance. Making a service schedule is a perfect way to ensure on-top performance from your Bona machine. With the Bona Service Kits together with regular visits to service centers, it is easy to keep

up the quality and efficiency as well deliver unbroken uptime and secure a lasting job. A well maintained machine will always help you perform at best when it matters the most.

EXTENDED MACHINE LIFE

To get a maximized lifetime value of a machine it is important to have every part fully functioning all the time. Replacing a worn belt on your Bona Belt or the carbon brush on your Bona CombiEdge will make the engine run

smoother and the lifetime of your machine will be extended. With the Bona Service Kits this is easy fixed, and your machine is maintained between visits to service centres.

*Everything needed
for simple self service*
