

MID & FINE  
SANDING

- ✓ Strong and efficient
- ✓ Easy to operate
- ✓ Excellent results without effort

# Bona Orbital

LIGHTWEIGHT SANDER FOR PRECISION SANDING

# Bona Orbital

## LIGHTWEIGHT SANDER FOR PRECISION SANDING

The Bona Orbital is a precision sander particularly suitable for mid and fine sanding. Its compact dimensions and the low weight makes the machine easy to handle and allows you to work longer periods of time without getting tired.

## EFFICIENT AND LOW-NOISE SANDING

The Powerful brushless EC motor is characterized by low noise, high efficiency and low maintenance, resulting in a smoother and quieter sanding experience than typical sanders. The 5 millimeter long orbital stroke ensures high abrasion rate.

## EASY TO OPERATE

The intuitive and user-friendly operating panel gives you full control and ensures easy handling of the machine. The neat design and ergonomic one-handed grip provide a good overview of the work surface.

## SMART AND HANDY CARRYING BOX

Bona Orbital comes with a smart box for safe storage and transport. The well-organized interior has plenty of space and helps you to gather both the machine and all necessary accessories in one place.

## GENTLE FOR YOUR HAND AND ARM

With a perfectly balanced center of gravity and the effective brushless EC motor gives low vibration, which means that you can work longer periods of time without getting tired in your arm.

## INCLUDED IN THE KIT

- Bona Orbital
- Bona Box L
- Bona Net Alox Grit 100 (50 pieces)
- Cable holders

## A BROAD RANGE OF APPLICATIONS

- Mid and fine sanding
- Edge sanding
- Intermediate sanding
- Stairs
- Walls

<b>Frequency:</b>	50Hz
<b>Orbit:</b>	4000-10000 rpm
<b>Disc Size:</b>	150 mm
<b>Pad thread:</b>	5/16"

# BONA SYSTEM - THE PERFECT PARTNERS

## HEALTHIER WORK WITH DUST-FREE SANDING

Wood sanding is a dusty business with microscopic particles that can cause negative health effects and a dusty environment, generating a lot of afterwards cleaning. By connecting a Bona DCS to sanding machine you ensure a dust-free workspace, and thus healthy working conditions. Offering a variety of dust containment machines, we will most definitely have a solution that benefits both you, your working environment and your client.

## SMOOTH SANDING WITH BONA ABRASIVES

The key to great sanding results lies in the perfect combination of machines and abrasives used. Bona's sanding range deliver exceptional results, but also with maximum efficiency, ergonomics and safety. Instead of ripping fibres and causing scratches, Bona Abrasives create a smooth surface; ideal for finishing.

# Bona®

Established in 1919, Bona is a world leading innovator with a unique system for floor treatment. Through subsidiaries and distributors we have local presence in more than 90 different countries enabling us to be close to our customers and craftsmen.

Our long commitment and passion for floors enable us to offer lasting, sustainable results that meet floor needs for professionals and floor owners alike.
