

# Bona Pet System™ Microfiber Sweeping Pad for Multi-Surface Floors

Designed for gentle yet effective cleaning of wood & hard-surface floors

Compatible for use with all Bona Mops

**Bona Pet System™** is the complete pet floor care solution to keep your floors in purrfect condition.

The Bona Pet System™ Microfiber Sweeping Pad for Multi-surface Floors is specifically designed to attract pet hair, dander & allergens with its electro-static action.

- Suitable for both wood and hard-surface floors
- Microfiber fingers pick up and hold the dirt
- Wash & reuse, up to 500 times
- Contains over 90% recycled material

## INSTRUCTIONS FOR USE

Dry clean the floor with the Bona Pet System™ Microfiber Sweeping Pad on a Bona Mop (sold separately), just like rubbing a balloon on your head attracts hair to the balloon, the simple action of the Bona Pet System™ Microfiber Sweeping Pad gliding across the floor creates an electro-static charge which attracts pet hair, dust, dander, and allergens to the mop head where they are trapped in the fingers.

Note: To create and maintain its electro-static charge the sweeping pad must remain completely dry. If there are any liquids on the floor, they should be dried up first before using the sweeping pad.

# Bona Pet System™ Microfiber Sweeping Pad for Multi-Surface Floors

Designed for gentle yet effective cleaning of wood & hard-surface floors

After dry cleaning is complete, we recommend you proceed to mop the floor with a Bona Microfiber Deep Cleaning Pad which is designed to be used with Bona Pet System™ Wood Floor Deep Cleaner or Bona Pet System™ Hard-Surface Floor Deep Cleaner. Use the cleaner appropriate for your floor.

Bona Pet System™ cleaners contain Odour Guard Technology™ which instantly eliminates and neutralises urine and other organic odours and continues to work for up to 5 days.

How often you need to clean your floor depends on local conditions. Bona Pet System™ Cleaners are suitable to use daily.
